

PROTO Epic Security Pin

1. Log into your Proto Cloud account
2. In your account, select the Devices tab on the left
3. Next, select the device you want to add a pin to
4. In the middle of the next page, you will see three buttons labeled “Content”, “Playlists”, and “Device Info”. Select the “Device Info” button.

5. At the bottom of the page, you will see a toggle button to turn the Pin On/Off. Toggle the button to On and set up your pin.

Note: Your device must be online to set the Pin up
