

## Windows Firewall Ports Guide

PROTO Epic uses several ports to access different services.  
Please coordinate with your Networking & IT Teams to ensure the following ports allow traffic.

Port	Description	Protocol
80	HTTP	TCP
443	HTTPS	TCP
8000	Python http.server	TCP
5938	TeamViewer	TCP/UDP
8883	IoT Services (MQTT)	TCP
8888	HyperVM	TCP
2077/7077	Proto Live	UDP
2088/7088	Proto Live	UDP
